PROFILE

Experienced Front-End Web Developer with a proven track record of designing and developing user-friendly interfaces for web applications. Proficient in HTML, CSS, JavaScript, and frameworks like React and Next.js, I specialize in creating visually appealing and responsive websites that meet client requirements and industry standards. With a strong understanding of modern web development practices and a passion for staying updated on emerging technologies, I excel in collaborating with cross-functional teams to deliver high-quality projects on time. Effective communication skills and a keen eye for detail enable me to translate client visions into functional and appealing web solutions that drive user engagement and satisfaction.
